FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.1 provides for fair and reasonable reimbursement of health care in the absence of an applicable fee guideline.
3. Texas Labor Code §413.011 sets forth provisions regarding reimbursement policies and guidelines.
4. This request for medical fee dispute resolution was received by the Division on May 17, 2007.

5. The services in dispute were reduced/denied by the respondent with the following reason codes:

- 226 – Included in global charge.
- 42 – Charges exceed our fee schedule or maximum allowable amount.
- 790 – This charge was reduced in accordance to the Texas Medical Fee Guideline.
- 97 – Payment is included in the allowance for another service/procedure.
- 16 – Claim/service lacks information which is needed for adjudication.
- 18 – Duplicate claim/service.
- 225 – Duplicate charge.
- 253 – In order to review this charge we will need a copy of the invoice.
- 224 – Duplicate charge.
- 45 – Charges exceed your contracted/legislated fee arrangement.
- 793 – Reduction due to a PPO contract.

Findings

1. The insurance carrier reduced or denied disputed services with reason code 45 – “Charges exceed your contracted/legislated fee arrangement.” On November 16, 2011 the Division requested a copy of the contract between the information/voluntary network and Doctors’ Hospital of Laredo as described by Texas Labor Code § 413.011(d-1)(2). The insurance carrier’s representative submitted a response to the Divisions request stating, “It does not appear that Carrier reduced Provider’s bill based upon any such network contract..” The above denial/reduction reason is not supported. The disputed services will therefore be reviewed for payment in accordance with applicable Division rules and fee guidelines
2. This dispute relates to services with reimbursement subject to the provisions of Texas Administrative Code §134.1, effective May 2, 2006, 31 *Texas Register* 3561, which requires that, in the absence of an applicable fee guideline, reimbursement for health care not provided through a workers’ compensation health care network shall be made in accordance with subsection §134.1(d) which states that “Fair and reasonable reimbursement: (1) is consistent with the criteria of Labor Code §413.011; (2) ensures that similar procedures provided in similar circumstances receive similar reimbursement; and (3) is based on nationally recognized published studies, published Division medical dispute decisions, and values assigned for services involving similar work and resource commitments, if available.”
3. Texas Labor Code §413.011(d) requires that fee guidelines must be fair and reasonable and designed to ensure the quality of medical care and to achieve effective medical cost control. The guidelines may not provide for payment of a fee in excess of the fee charged for similar treatment of an injured individual of an equivalent standard of living and paid by that individual or by someone acting on that individual’s behalf. It further requires that the Division consider the increased security of payment afforded by the Act in establishing the fee guidelines.
4. 28 Texas Administrative Code §133.307(c)(2)(A), effective December 31, 2006, 31 *Texas Register* 10314, applicable to disputes filed on or after January 15, 2007, requires that the request shall include “a copy of all medical bill(s)... as originally submitted to the carrier and a copy of all medical bill(s) submitted to the carrier for reconsideration...” Review of the documentation submitted by the requestor finds that the requestor has not provided a copy of all medical bill(s) as originally submitted to the carrier. The Division concludes that the requestor has not met the requirements of §133.307(c)(2)(A).
5. 28 Texas Administrative Code §133.307(c)(2)(F)(i), effective December 31, 2006, 31 *Texas Register* 10314, applicable to disputes filed on or after January 15, 2007, requires that the request shall include a position statement of the disputed issue(s) that shall include “a description of the health care for which payment is in dispute.” Review of the submitted documentation finds that the requestor has not provided a description of the health care for which payment is in dispute. The Division concludes that the requestor has not met the requirements of §133.307(c)(2)(F)(i).
6. 28 Texas Administrative Code §133.307(c)(2)(F)(iii), effective December 31, 2006, 31 *Texas Register* 10314, applicable to disputes filed on or after January 15, 2007, requires that the request shall include a position statement of the disputed issue(s) that shall include “how the Labor Code, Division rules, and fee guidelines impact the disputed fee issues.” Review of the submitted documentation finds that the requestor has not discussed how the Labor Code, Division rules and fee guidelines impact the disputed fee issues. The Division concludes that the requestor has not met the requirements of §133.307(c)(2)(F)(iii).
7. 28 Texas Administrative Code §133.307(c)(2)(F)(iv), effective December 31, 2006, 31 *Texas Register* 10314, applicable to disputes filed on or after January 15, 2007, requires that the request shall include a position statement of the disputed issue(s) that shall include “how the submitted documentation supports the requestor position for each disputed fee issue.” Review of the requestor’s documentation finds that the requestor has not discussed how the submitted documentation supports the requestor position for each disputed fee issue. The Division concludes that the requestor has not met the requirements of §133.307(c)(2)(F)(iv).

8. 28 Texas Administrative Code §133.307(c)(2)(G), effective December 31, 2006, 31 *Texas Register* 10314, applicable to disputes filed on or after January 15, 2007, requires the requestor to provide “documentation that discusses, demonstrates, and justifies that the amount being sought is a fair and reasonable rate of reimbursement in accordance with §134.1 of this title (relating to Medical Reimbursement) when the dispute involves health care for which the Division has not established a maximum allowable reimbursement (MAR), as applicable.” Review of the submitted documentation finds that:
- The requestor’s position statement asserts that “This is an outpatient surgery and understanding TWCC wants to move to a hospital reimbursement based on Medicare, we are asking for %-over-Medicare. We have found 140% of the Medicare allowable is fair and reasonable and has been accepted by most carriers.”
 - The requestor did not submit documentation to support that 140% of the Medicare allowable is fair and reasonable and has been accepted by most carriers.
 - The requestor does not discuss or explain how 140% of the Medicare allowable supports the requestor’s position that the amount sought is a fair and reasonable reimbursement for the services in this dispute.
 - The requestor did not submit documentation to support that payment of the amount sought is a fair and reasonable rate of reimbursement for the services in this dispute.
 - The requestor did not submit nationally recognized published studies or documentation of values assigned for services involving similar work and resource commitments to support the requested reimbursement.
 - The requestor did not support that payment of the requested amount would satisfy the requirements of 28 Texas Administrative Code §134.1.

The request for additional reimbursement is not supported. Thorough review of the documentation submitted by the requestor finds that the requestor has not demonstrated or justified that payment of the amount sought would be a fair and reasonable rate of reimbursement for the services in dispute. Additional payment cannot be recommended.

Conclusion

The Division would like to emphasize that individual medical fee dispute outcomes rely upon the evidence presented by the requestor and respondent during dispute resolution, and the thorough review and consideration of that evidence. After thorough review and consideration of all the evidence presented by the parties to this dispute, it is determined that the submitted documentation does not support the reimbursement amount sought by the requestor. The Division concludes that this dispute was not filed in the form and manner prescribed under Division rules at 28 Texas Administrative Code §133.307. The Division further concludes that the requestor failed to support its position that additional reimbursement is due. As a result, the amount ordered is \$0.00.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the services in dispute.
